WEEKLY Plot

NEoWave Logic:

Complex Corrective Rally

In September Gold produced the “thrust” required of a contracting Triangle. As a result, I have no doubt this market is heading much higher. With the price/time window nearing an end, Gold must soar upward in October!

NEoWave Analysis – WEEKLY Structure

To the surprise of most Elliott Wave analysts, Gold zoomed upward in September, just as NEoWave warned us it would. Following this week’s sharp decline, many are probably concerned a top has formed. High bullish sentiment would also make one think upside is limited. But, NEoWave still insists another, powerful advance is looming.
